

### **Animal Keeper for Kolosseum at Kolmården**

Every guest who visits us is a unique individual with high expectations. That is why we are looking for world-class animal keepers who, with a holistic mindset and a keen eye for the animals and their wellbeing, want to help develop our Kolosseum team. With us, you will combine animal care with inspiring our guests toward a lifelong commitment to animals and nature.

### **About the Role**

As an Animal Keeper at Kolosseum, you will be part of a team dedicated to ensuring the highest possible welfare standards for our Asian elephants, rhinos, and meerkats. You will work closely with both the animals and your colleagues in a practical and sometimes intensive environment where quality and teamwork are essential.

Your responsibilities will include:

- Carrying out daily husbandry tasks such as feeding, cleaning, and enrichment based on the animals' needs
- Training the animals using modern methods, including working with elephants in protected contact (PC)
- Observing animal behavior, documenting health conditions, and assisting with veterinary procedures and transports

### **About You**

At Kolosseum, we work closely with both the animals and each other every day in a practical and periodically intensive work environment. We are looking for someone who is confident, responsible, and enjoys working as part of a team where collaboration and maintaining a good pace together are important. You have a genuine interest in animal welfare and contribute to developing the work through reflection, collaboration, and sharing experiences. You are also comfortable giving and receiving feedback in a respectful manner.

We would like you to:

- Have at least three years of experience working as an animal keeper in a zoo environment
- Have experience working with large animals, such as elephants (considered a merit)
- Be responsible, detail-oriented, and have a strong eye for animal wellbeing
- Enjoy physical work and have good work capacity
- Have strong teamwork skills and contribute to a positive working environment

A valid driver's license is required. Experience operating machinery and work vehicles such as tractors is considered an advantage.

### **We Offer**

With us, you will work in a unique environment close to amazing animals and dedicated colleagues. You will become part of a dynamic workplace where no two days are the same, and where our animals, employees, and guests are always at the center of everything we do.

### **Practical Information About the Position**

This is a permanent full-time position (100%) with a six-month probationary period. Start date according to agreement. Working hours vary and include weekends, public holidays, and evenings during peak season.

### **Application**

Please submit your CV and cover letter to [emma.keran@kolmarden.com](mailto:emma.keran@kolmarden.com) by Thursday 18 June 2026.

Please submit your application as soon as possible, as selection and interviews are conducted on an ongoing basis. We look forward to receiving your application!
